PRE-CONGRESS COURSES – Thursday, 26th October

10:00-13:15

Hall 4

IAN DONALD ADVANCED ULTRASOUND COURSE

Course Director: *Asim Kurjak, Croatia and Sonal Panchal, India*

1. Fetal abnormalities detected by different ultrasonic method. *Eberhard Merz, Germany*
 2. Spina bifida: Ultrasound diagnosis and antenatal treatment. *Renato Sa, Brazil*
 3. What to expect from early detection of fetal abnormalities. *Taib Delic, B&H*
 4. Update on fetal therapy. *Tuangsit Wataganara, Thailand*
 5. From human reproduction to perinatal medicine. *Sonal Panchal, India*
 6. How to train for invasive diagnostic procedures. *Giovanni Monni, Italy*
 7. Functional studies of fetal CNS by 4D. *Asim Kurjak, Croatia*
 8. Clinical usefulness of KANET test in high risk pregnancies. *Panos Antsaklis, Greece*
 9. Fetal and neonatal neurology and role of ultrasound. *Milan Stanojevic, Croatia*
 10. Doppler and IUGR. *Narendra Malhotra, India*
 11. Management of Cesarean scar pregnancy. *Ilan Timor-Tritsch, USA*
- Discussion

10:00-13:15

Hall 5

CURRENT STATUS IN NEONATOLOGY

Course Director: *Milan Stanojevic, Croatia and Ranjan Kumar Pejaver, India*

1. Ox trauma during neonatal intensive care. *Ranjan Kumar Pejaver, India*
 2. Functional echocardiography in the neonatal ward. *Eirik Nestaas, Norway*
 3. Hypotension in small preterms: What does it mean? *Manuel R.G. Carrapato, Portugal*
 4. Outcomes of very low birth weight babies. *Lilijana Kornhauser Cerar, Slovenia*
 5. Survival of premature newborns at the border of viability - Croatian experience. *Boris Filipovic-Grčić, Croatia*
 6. The unmet needs in the NICU - Why do we need European Standards of Care for Newborn Health? *Silke Mader, Germany*
 7. How to prevent Erb's palsy. *Amos Grunebaum, USA*
 8. Neonatal hypoxic-ischemic injury- diagnosis by imaging. *Simona Vladaeranu, Romania*
 9. Recent ILCOR recommendations for newborn resuscitation. *Ola Saugstad, Norway*
- Discussion

Hall 4

ERICH SALING WORLD SCHOOL OF PERINATAL MEDICINE

Course Directors: *Erich Saling, Germany and Cihat Sen, Turkey*

1. Introduction. *Erich Saling, Germany*
2. Perinatal Medicine: Beginnings and early stages. *Erich Saling, Germany*
3. Perinatal medicine: Look into the future. *Asim Kurjak, Croatia*
4. Epidemiology and Prevention of Fetal Death. *Joachim Dudenhausen, Germany*
5. Professionalism: The foundation of Obstetrics and Gynecology. *Frank Chervenak, USA*
6. Age of viability - neonatologist's point of view. *Milan Stanojevic, Croatia*
7. Fetoscopic management of complicated monochorionic twins. *Christoph Berg, Germany*
8. What are recent advances in fetal echocardiography. *Cihat Şen, Turkey*
9. Neonatal sepsis. *Marina Degtyareva, Russia*
10. Fetal senses *Birgit Arabin, Germany*
11. 3D and 4D ultrasound - two useful techniques in the assessment of fetal spina bifida. *Eberhard Merz, Germany*
12. Biotechnology and Perinatal medicine - Is it the next level of perinatal medicine? *Aleksandar Ljubic, Serbia*

Discussion

14:00-17.30

Hall 5

COMMON AND RARE FETAL DEFECTS

Course Directors: *Aleksandra Novakov Mikic, Serbia and Oliver Kagan, Germany*

1. Prenatal diagnosis of anomalies of central nervous system
2. Prenatal diagnosis of anomalies of abdomen
3. Prenatal diagnosis of fetal heart anomalies
4. Prenatal diagnosis of genetic syndromes

Discussion

18:00-20:00 OPENING CEREMONY

Hall 1

18:00-18.30 Delivery of Erich Saling Award by Erich Saling

- Eberhard Merz, Germany
- Ola Saugstad, Norway

18.30-19.00 Opening lecture

- Impressive recent advances in visualization of early human development by 3D 4D sonography. *Ritsuko Pooh, Japan*

PROGRAM – Friday, 27th October 2017

10:15-11:40

Hall 7

PARALLEL SESSION High risk pregnancies - The impact on the fetus and neonate

Chairpersons: *Aida Salihagic Kadic, Croatia and Hisham Arab, Saudi Arabia*

1. The fetus and the stress. *Aida Salihagic Kadic, Croatia*
2. Perinatal outcome of maternal stress. *Hisham Arab, Saudi Arabia*
3. Timing of delivery in severe early IUGR. *Frusca Tiziana, Italy*
4. Perinatal approach of fetal neuroblastoma. *Radu Vladeranu, Romania*
5. Perinatal audit of intranatal death and neonatal near-miss. *Anton Mikhailov, Russia*
6. New modalities of neonatal ventilation. *Aleksandra Doronjski, Serbia*

Discussion

11:40-12:30

Hall 7

PARALLEL SESSION High risk pregnancies

Chairpersons: *Ivica Zalud, USA and Tuangsit Wataganara, Thailand*

1. When to deliver IUGR baby-pendulum swings. *Ivica Zalud, USA*
2. Fetal therapy from past to future. *Cansun Demir, Turkey*
3. Selective IUGR in monochorionic twins: To kill or to separate. *Tuangsit Wataganara, Thailand*

12:30-13:30 LUNCH BREAK

4. Hypothyroidism in the first trimester, risk factors and impact on perinatal outcome. *Rodrigo Ayala, Mexico*
5. Umbilical cord morphology in pregnancy complicated by IUGR. *Sayed Amir Gilani, Pakistan*
6. Thrombophilia and pregnancy - screening and prophylaxis? *Snezana Plesinac, Serbia*

Discussion

14:30-17:30

Hall 7

SYMPOSIUM IAPM

Chairpersons: *Erich Saling, Germany, Asim Kurjak, Croatia and Miroslaw Wielgos, Poland*

1. Fetal ultrasound as a window into maternal health. *Asim Kurjak, Croatia*
2. Is 3D ultrasound the best method for detection and assessment of fetal anomalies? *Eberhard Merz, Germany*
3. Neonatologist made significant progress in the past. What does the future bring? *Ola Saugstad, Norway*
4. Pulmonary hypertension of the newborn: where are we now? *Manuel Sanchez Luna, Spain*

15:30-16:00 COFFEE BREAK

PROGRAM – Saturday, 28th October 2017

08:00-09:00

Hall 1

Key note lectures

Chairperson: *Joseph Schenker, Israel*

Sonographic diagnosis of abnormally implanted placenta. *Ilan Timor - Tritsch, USA*

Pregnancy as a window for future health. *Birgit Arabin, Germany*

09:00-11:00

Hall 1

PLENARY SESSION Challenging issues in perinatal medicine and human reproduction

Chairpersons: *Joseph Schenker, Israel and Manuel Carrapato, Portugal*

1. Fetal organ function: new challenge for advanced ultrasound. *Asim Kurjak, Croatia*
2. Improving the maternal mortality rate: an optimistic perspective. *Aris Antsaklis, Greece*
3. Planned home birth: A challenge to the perinatal profession. *Frank Chervenak, USA*
4. The Good the Bad and the Ugly of Perinatal Medicine. *Manuel R.G. Carrapato, Portugal*
5. Current aspects of perinatal programming. *Jens Stupin, Germany*
6. Future Trends in Human Reproduction. *Joseph Schenker, Israel*

Discussion

PROGRAM – Saturday, 28th October 2017

14:00-16:15

Hall 1

FETUS AS A PATIENT

1. Safe inductions of labor. *Amos Grunebaum, USA*
2. Fetal growth restriction – when is the right time to deliver. *Nikolas Papantoniou, Greece*
3. Implantation related problems - what can we do? *Aleksandar Ljubic, Serbia*
4. Uterine anomalies – how does their diagnosis influence obstetric future. *Orion Gliozheni, Albania*
5. Oral health and pregnancy. *Selma Porovic, B&H*
6. Pregnancy as a window of women's future health. *Hung Winn, USA*
7. Determination of the gestational age. Monitoring fetal growth. *Apostolos Athanasiadis, Greece*

16:15-16:45 COFFEE BREAK

16:45-19:00

Hall 1

FETUS AS A PATIENT

1. Influence of maternal treatment on the status of fetus and neonate *Marina Degtyareva, Russia*
2. Preterm management in low resource setting *Ali Sungkar, Indonesia*
3. What should not be ignored when considering heparin and high-risk pregnancy relation? *Damir Roje, Croatia*
4. Fetal Ovarian Cyst and other Gynecological Problems of the Fetus and Newborn *Corazon Yabes Almirante, Philippines*
5. Doppler parameters in Fetal Hypoxia. *Theodor Stefos, Greece*

Discussion

PROGRAM – Saturday, 28th October 2017

11:30-13:00

Hall 2

PARALLEL SESSION Newcomers

Chairpersons: *Asim Kurjak, Croatia and Eberhard Merz, Germany*

1. Advanced ultrasound in the detection and assessment of fetal syndromes. *Lara Spaldi, Croatia*
2. Early development (normal and abnormal) of fetal face. *Selma Porovic, B&H*
3. Gestational diabetes. *Sertac Esin, Turkey*
4. Sonographic detection of fetal syndromes with limb defects. *Sonila Pashaj, Albania*
5. Congenital diaphragmatic hernia. Management and Polish experience. *Przemyslaw Kosinski, Poland*

Discussion

13:00-14:00 LUNCH BREAK

14:00-16:15

Hall 2

REGIONAL SESSION - Vital statistics

Chairpersons: *Nebojsa Radunovic, Serbia and Lidija Banjac, Montenegro*

1. Short history of perinatal medicine in Serbia. *Miodrag Ignjatovic, Serbia*
2. Late pregnancy termination in Serbia – incidence and indications. *Darko Plecas, Serbia*
3. Perinatal mortality in Macedonia – national methodology for expert revision. *Gordana Adamova, Macedonia*
4. Structure of neonatal morbidity in Montenegro. *Lidija Banjac, Montenegro*
5. Congenital anomalies in the Republic Srpska in 2015 and 2016. *Jelica Predojevic Samardzic, Republic of Srpska*
6. Perinatal trends in Bosnia and Herzegovina. *Igor Hudic, Bosnia and Herzegovina*

Discussion

16:15-16:45 COFFEE BREAK

16:45-18:00

Hall 2

PARALLEL SESSION PRETERM BIRTH BY THE HELLENIC SOCIETY OF PRENATAL DIAGNOSIS AND FETAL THERAPY

Chairpersons: *Aris Antsaklis and Marianna Theodora, Greece*

1. Screening for Preterm Delivery. *Panos Antsaklis, Greece*
2. Progesterone for the prevention of Preterm birth *George Daskalakis, Greece*
3. Management of the Short cervix. *Aris Antsaklis, Greece*
4. Prevention of preterm birth in Twins. *Marianna Theodora, Greece*
5. An update on tocolytics. *Michel Sindos, Greece*

SESSION The crux of prematurity prevention

Chairpersons: *Erich Saling, Germany and Jamie McGregor, USA*

1. Introduction and regrettable situation. *Erich Saling, Germany*
 2. Results achieved up to now. *Udo Hoyme, Germany*
 3. Controversial approaches to preterm birth. *Jamie McGregor, USA*
- Discussion

13:00-14:00 LUNCH BREAK

14:00-17:00

Hall 3

WORKSHOP OF SOUTHEAST EUROPEAN SOCIETY OF PERINATAL MEDICINE

Chairpersons: *Ratko Matijevic, Croatia and Olivera Kontic Vucinic, Serbia*

1. Overview of perinatal data regarding refugees and immigrants in SEE region. *Lea Bombac, Slovenia*
 2. Refugee crisis in Greece that focuses on the gynecological and obstetrical problems of refugees and immigrants *Aris Antsaklis, Greece*
 3. The Refugees and the problems of the antenatal care program in Turkey *Sinan Beksac, Turkey*
 4. Refugee crisis and perinatal management in Montenegro *Snezana Crnogorac, Montenegro*
 5. Trends of Preterm Births in a Tertiary Centre in Albania. *Rubena Moisiu, Albania*
 6. Ultrasound criteria in early versus late IUGR Romanian experience *Daniel Muresan, Romania*
 7. Inflammatory problems of Placenta and Obstetric complications *Sinan Beksac, Turkey*
 8. Screening of the genetic and environmental risk factors - a combined approach with predictive value for preterm birth *Florin Stamatian, Romania*
 9. Caesarean section rate around 35% *Olivera Kontic Vucinic, Serbia*
 10. Caesarean section rate around 20% *Ratko Matijevic, Croatia*
 11. The reasons for regional differences in CS rates. *Apostolos Athanasiadis, Greece*
- Discussion

PARALLEL SESSION Diagnosis and Treatment of Congenital Malformations

Chairpersons: *Alexandra Matias, Portugal and Sami Mahmoud Abdelkadir, Sudan*

1. Basic prenatal ultrasound screening of CNS anomalies. *Vincenzo D'Addario, Italy*
2. Fetal skeletal dysplasia - prenatal diagnosis and outcome. *Alaa Ebrashy, Egypt*
3. Prenatal diagnosis of facial clefts: far beyond cleft lip and palate. *Alexandra Matias, Portugal*
4. Diaphragmatic hernia-experience from developing country. *Sami Mahmoud Abdelkadir, Sudan*
5. Congenital abdominal wall malformations. *Andro Gliha, Croatia*

Discussion

13:00-14:00 LUNCH BREAK

14:00-16:15

Hall 4

WORKSHOP FORENSICS IN PERINATOLOGY: INSIGHTS AND CHALLENGES

Chairpersons: *Dubravko Habek, Croatia and Christian Dadak, Austria*

1. Problems of shoulder dystocia. *Christian Dadak, Austria*
2. Obstetrics hemorrhage - forensic view. *Dubravko Habek, Croatia*
3. Professional responsibility of obstetricians-gynecologists in managing clinically significant medical errors. *Frank Chervenak, USA*
4. Ten easy ways to be sued and lose the case. *Dan Farine, Canada*
5. Prevention of thrombophlebitis and pulmonary embolism in obstetrics: What is today's standard of care? *Amos Grunebaum, USA*
6. Liability resulting from prenatal diagnosis. *Christoph Brezinka, Austria*
7. The state of forensic perinatology in Bosnia and Herzegovina. *Sanjin Dekovic, B&H*

Discussion

16:15-16:45 COFFEE BREAK

16:45-18:15

Hall 4

PARALLEL SESSION Maternal and neonatal health

Chairpersons: *Zoltan Papp, Hungary and Ali Sungkar, Indonesia*

1. Controlling the profuse haemorrhage by ligation of hypogastric arteries. *Zoltan Papp, Hungary*
2. Management in post partum hemorrhage. *Ali Sungkar, Indonesia*
3. Recent maternal deaths in Japan. *Hiroshi Sameshima, Japan*
4. Health of neonates, infants and children born to kidney or liver graft recipients on chronic immunosuppressive therapy. *Bozena Kociszewska Najman, Poland*
5. Influence of maternal vitamin D status and adiponectin values on newborns bone mineral density and longitudinal changes of bone ultrasound measurements during the first year of life. *Aneta Soltirovska Salamon, Slovenia*
6. Enhancing mother child – interaction in neonatal period. *Veronika Ispanovic, Serbia*
7. Intrauterine life – babies keep the secrets. *Mila Goldner Vukov, New Zeland*
